To The Trade:

During the past year many changes have taken place in the nursery trade. Supplies have been limited in many varieties and many items have been completely eliminated from most catalogues. **WE ARE PROUD OF THE COMPLETENESS OF OUR LIST OF NURSERY STOCK.** Although we have had to take out a few in some varieties, we still have one of the most complete lines in our history.

For this season's business we have made plans to improve still further the "**HURRY-UP**" type of service we have been accustomed to provide. Under modern conditions a large portion of nursery stock moves by truck. We are prepared to completely load on and send out orders in large trucks without delay to our clients or their men and equipment.

We again promise you that your orders will receive our best effort, expended personally, in selection of stock. Your order will receive **PERSONAL SUPERVISION** by a member of this firm, as to digging, handling and grading. All stock is fresh dug.

We offer our record of **TWENTY-SIX YEARS EXPERIENCE** in the wholesale nursery trade as evidence that we know how to please the people who buy our products for resale at a profit.

During all seasons of the year we welcome visits from nurserymen and landscapers. We are anxious to meet all members of the industry. We will enjoy showing you our nursery. This year particularly, we think that we can convince you that during 1940 we were favored with an excellent growing season. Our stock will be found well finished out and up to full grade. We will do our best to please you with quality stock at reasonable prices. Whether you come to buy or not, we will enjoy your visit.

We offer as **REFERENCES** any business house or bank in the city of Springfield or any leading nursery firm.
